All of the major countries and a large number of small nations were drawn into They were housed in tents surrounded by barbed wire. Other major POW camps in Mississippi were established at Camp McCain
Members of the German military were interned as prisoners of war in the United States during World War I and World War II. In all, 425,000 German prisoners lived in 700 camps throughout the United States during World War II. Hostilities ended six months after the United States saw its first action in World War I, and only a relatively small number of German prisoners of war reached the U.S. Many prisoners were German sailors caught in port by U.S. forces far away from the European battlefield. The
